To our dear Sisters in St Joseph,

We, the girls of Sydney, applaud you for the strength and courage you show in keeping yourselves motivated in the midst of the political crisis in Fiji and the Global Economic downturn.

We understand that "times are hard", particularly in Fiji and we give thanks that we have counterparts such as yourselves, that share the same interests as we do, in taking care of our Nuns. We have a lot to thank the Cluny Sisters for. In the light of this current Natural disaster that is currently looming over Fiji, we pray that this letter of goodwill will find you all safe.

We have managed to send an annual donation to the Cluny Sisters and when times have been good, and the Tax Man generous, we've managed a twice yearly donation.

This year, however, we have been very lucky to be able to contribute to other worthy causes besides our Cluny Sisters.

The Jubilee Celebration we attended in 2006 was a wonderful event and in writing this, it brings a smile to my lips as I am sure it does yours. The fond memories will stay with us forever. We wait in anticipation for the next "Reunion".

Ladies, on behalf of our xsjss-sydney ladies, we wish you good health, a safe and Merry Christmas and a wonderfully Prosperous 2010.

We take great pleasure in presenting you with a small donation. Be mindful that we have also donated directly to the Cluny Sisters as well. Vosota ke lailai.

May God bless us all.

Kind Regards

Emily Koro
